

KIROMAL KATIBIN CONTINUES TO SET SPEED RECORDS WITH SUB-5 IN SIGHT

PRESS RELEASE 2022/43

Villars. SUI - 30 June 2022

Indonesia's Kiromal Katibin set Speed qualification alight at the International Federation of Sport Climbing (IFSC) World Cup in Villars, Switzerland, breaking the world record twice in quick succession.

Drawn against Man-hei Chung of Hong Kong, China in the first round, Katibin had the wall to himself after a false start for his competitor, and he took full advantage taking just 5.09 seconds to tap the finish pad.

Not happy with his third world record in four events, Katibin came back to take on Lane B and went even faster at 5.04 seconds to claim yet another world's best time and move within touching distance of a sub-5.

There were three Chinese athletes making up the top four behind Katibin with Cao Long in second with 5.21, Long Jianguo third with 5.22, and Wu Peng with 5.32.
